Terms of Admission.

Candidates for admission to the Freshman Class are examined in the following subjects:

ENGLISH GRAMMAR.
GEOGRAPHY.
MATHEMATICS.....*Arithmetic.* *Algebra* through Quadratic Equations. *Geometry*, first three books.
LATIN.....*Grammar*, (Allen and Greenough's). *Composition*, (Allen's to Lesson XXX). *Authors:* Cæsar's Commentaries (four books); Virgil's Æneid (six books); Cicero (seven orations).
GREEK.....*Grammar* (Goodwin's). *Composition* (Jones's to Lesson XX). *Authors:* Xenophon (three books of the Anabasis); Homer (one book of the Iliad).
HISTORY.....Outlines of Greek and Roman History, (The Primers of Fyffe and Creighton are recommended).

Additional Mathematics will be accepted as a substitute for a portion of the Greek.

Candidates for the Philosophical Course are examined in all the studies above named except the Greek. In place of that an equivalent should be presented in German and Elementary Science, viz:—Physical Geography, Physics, Geology. It is desirable that those who enter this course should be fully equal in general culture to those in the Classical Course.

For advanced standing, the candidate, whether from another College or not, in addition to the preparatory studies, is examined in the studies to which the class which he wishes to enter has attended.

No one can be admitted to the Freshman class until he has completed his fourteenth year, or to an advanced standing without a corresponding increase of age.

Testimonials of good moral character are in all cases required, and those who come from other Colleges must produce certificates of dismission in good standing.

Courses of Instruction.

Two parallel and equivalent courses of study are pursued in the College, each occupying four years.

1. The Classical Course, in which the Latin and Greek languages and literature are combined with mathematical, scientific and philosophical studies in that proportion which the experience of the best Colleges has sanctioned.

2. The Philosophical Course, in which German and certain scientific and English studies are substituted for the Greek.

General Information.

LOCATION.—The College is located at Marietta, at the mouth of the Muskingum, where the first settlement of the "Territory northwest of the river Ohio" was made on the seventh of April, 1788. The institution was founded by the sons of the pioneers, among whom were an unusual number of men of liberal education. It is accessible by steamers on the Ohio and Muskingum rivers, and by the Marietta and Cincinnati, the Cleveland and Marietta, and the Baltimore and Ohio Railways.

INSTRUCTION.—Each class has sixteen recitations or lectures a week; the regular hours for recitations being at the close of morning prayers, at eleven o'clock, and at about four in the afternoon. The instruction in the four college classes is given by permanent professors and is chiefly in connection with text-books, supplemented by lectures in most of the branches of study.

EXAMINATIONS.—All the classes are examined near the close of each term. The examinations usually combine both the oral and written methods.

The examination results are combined with the recitation averages in the determination of grades.

In making up the recitation averages there is no preference of one branch over another, but the estimate is made according to the time devoted to each study.

Reports of standing and punctuality will be sent to parents when requested.

WORSHIP.—Prayers are attended every morning in the College Chapel, when all students are required to be present.

On the Sabbath there is no regular preaching service in the Chapel, but the students worship with the people of the place, each student attending regularly such one of the churches as his parents or guardian may select.

PUNCTUALITY.—The amount of work required of the student is sufficient to occupy him every day from the beginning of the session to its close. Any absence, therefore, for whatever reason, causes a serious loss to the student, and excuses cannot be granted except in

cases of unavoidable absence. The good of each student, as well as the interests of the College as a whole, make the rule of punctuality imperative.

The attention of parents and guardians is especially called to the importance of seeing that the student is not delayed in his return at the beginning of the term, and that he is not interrupted by absence during term time save for the most urgent reasons. Nor must self-imposed work be allowed to interfere with College duties.

ORDER.—As College is a place for intellectual work, and the self-improvement which is thereby attained, it is essential that nothing should be tolerated which interferes with the successful prosecution of study. The large freedom which is essential to the best results of college life makes it impossible to allow that freedom to be abused by the student.

PUBLIC BUILDINGS, LIBRARIES, ETC.

The College occupies an entire square in a retired and quiet part of Marietta, aud yet is within a short distance of the Post Office and the business portion of the town. On the grounds are four buildings erected for the various purposes of the institution.

The Dormitory building has some thirty rooms for the use of students. The Greek Recitation Room is in this building.

The Central Building has a Laboratory, Mathematical Room, the President's Recitation Room, the Latin Room, the Rhetorical Room, "Hildreth Cabinet," "Slocomb Hall," and the Halls of the Alpha Kappa and Psi Gamma Societies.

The Laboratory is large and commodious, and supplied with gas. It is furnished with working desks and every convenience for carrying on an extensive course of experiments in general chemistry and qualitative and quantitative analysis. Each student is supplied with a desk and the necessary apparatus, and is required to perform a large number of experiments.

Lectures on general chemistry are given to the Senior Class during the flrst term.

The "Hildreth Cabinet" contains the various collections of minerals, shells, etc., made by the Late Dr. S. P. Hildreth, and presented by him tq the College.

The collections of minerals, shells, fossils, etc., etc., are large and valuable. In the cabinet is a large meteoric stone, one of the four or five largest known to exist.

Lectures on Physics, with use of the Apparatus, are given to the Junior Class during the second term.

The first story of the north building—erected by the former students of the College—is occupied as a Chapel, and by the Literary Societies for their Libraries. The two Library Rooms are fitted up and furnished with much taste.

The whole of the second story is for the College Library, the room being seventy-five feet by forty-eight, and twenty feet high. There are twenty-five alcoves, each lighted by its own window. In this room are also the "Hildreth Cabinet Library," the Library and Museum of the Society of Inquiry, and some five hundred models from the Patent Office.

The number of volumes in the various libraries of the College is 30,500.

The Preparatory Department occupies a separate building. It contains, beside the large Room used for Study and Recitations by the Principal, a number of smaller Recitation Rooms, a Hall for the Academy Literary Society, and a number of lodging rooms for students.

The College Boat-house, a beautiful and convenient building, stands in the City Park on the bank of the Muskingum; it contains shells and other boats, both of the Rowing Association and of various individual owners. The Muskingum, for a distance of five miles above the Marietta dam, furnishes a sheet of water unsurpassed in adaptation for rowing. The upper story of the Boat-house has been partially fitted up as a gymnasium.

SOCIETIES.

There are two Literary Societies—the Alpha Kappa and Psi Gamma. These Societies have commodious and handsomely furnished Halls, and large and well selected Libraries, the two containing 10,837 volumes. Their exercises, consisting of debates, orations—written and extemporaneous—and declamations, together with their public representations, and their practice in the work of organizing a deliberative assembly, and carrying on its proceedings—knowledge of rapidly increasing importance—make these one of the most important features of the College course.

ALUMNI ASSOCIATIONS.

There are three societies of Marietta Alumni.

1. The general Alumni Association occupies Tuesday of Commencement Week with its Annual Meeting, Address, Poem and Dinner. Its officers for the current year are as follows: President, Hon. A T. Goshorn, Cincinnati; Vice-president, Rev G. R. Gear, Marietta; Secretary, T. D. Dale, Marietta; Treasurer, S. J. Hathaway, Marietta.

2. The Marietta College Club of Cincinnati holds its Annual Reunion in January, and has been active and liberal in promoting the interests of the College. Its officers for 1883 are: President, A. A. Ferris; Vice-president, Rev. D. W. Rhodes; Secretary, L. W. Gilliland; Treasurer, E. C. S. Rehm; Historian, T. H. Kelley.

3. The Marietta College Club of Columbus held its first Reunion Feb. 23, 1883. Its Officers are: President, Amos Layman; Vice-president, Dr. E. A. Kelley; Secretary, B. H. Brooks; Treasurer, David E. Putnam; Historian, J. E. Sater.

TERMS AND VACATIONS.

The College year is divided into three terms. The fall term is fifteen weeks in length; the winter term is twelve, and the spring term eleven. The summer vacation is ten weeks, the winter and spring two each.

EXPENSES.

The tuition averages fifteen dollars a term. Room rent is from ten to fifteen dollars for each occupant. The rooms are not furnished except with stoves or grates. For use of the library and for warming and care of public rooms, the cost is from six to eight dollars a year. At present prices of coal, the cost of fuel is about five dollars a year where two students occupy a room.

The price of table board varies from two dollars and a quarter to three dollars a week. Board in clubs may be obtained at still lower rates. Furnished rooms in private families with board may be had for from three to five dollars a week.

The college term bills are payable in advance, at the beginning of each term. Where a student retains his standing no deduction is made for absence.

PECUNIARY AID.

From funds contributed for that purpose, of which Deacon Samuel Train, of Medford, Mass., gave $5,000, the College has been able to appropriate each year sufficient to pay the tuition and room rent of students preparing for the ministry who needed such aid.

Students of this class also receive assistance from churches through denominational Boards and Societies. This is from seventy-five to one hundred dollars a year.

Money is occasionally contributed by those who appreciate the value of even a little assistance to a student seeking an education, to be loaned or given to young men in narrow circumstances. The Trustees would be glad to be furnished with the means of aiding a larger number of such students.

PUTNAM SCHOLARSHIPS.

In the will of the late Hon. William Rufus Putnam, a bequest was made to the College for the purpose of providing free tuition to meritorious students of narrow means. As the nominal tuition fee is far below the actual cost, the bequest provides that for each hundred dollars of net annual income free tuition is to be given to one student. Other things being equal, preference will be given to the sons of clergymen. The bequest is at present available only in part, but it is expected that a few students can be received on the foundation at the beginning of the College year 1883-84.

SCHOLARSHIPS.

The following Scholarships have been endowed by benevolent persons on a foundation of $1,000 each. They are for the most part in the gift of the College, and entitle the occupants to tuition without charge:

KEYS SCHOLARSHIPS, five in number, by bequest of Mrs. Mary Keys, of Columbus, for students preparing for the ministry.

MORGAN SCHOLARSHIPS, four in number, by bequest of Samuel C. Morgan, Esq., and Mrs. Frances A. Morgan, of Norwich, Conn.

HAMILTON SCHOLARSHIPS, two in number, by Robert Hamilton, Esq., and Mrs. R. R. Hamilton, of Hanging Rock.

WILCOX SCHOLARSHIP, by Loyal Wilcox, Esq., of Hartford, Conn.

SMITH SCHOLARSHIP, by Winthrop B. Smith, Esq., of Philadelphia.

HINKLE SCHOLARSHIP, by Anthony H. Hinkle, Esq., of Cincinnati.

WICKES SCHOLARSHIP, by Wm. W. Wickes, Esq., of Brooklyn, New York.

A SCHOLARSHIP by two gentlemen of Portsmouth.

BREED SCHOLARSHIP, by Wm. J. Breed, Esq., of Cincinnati.

HOPKINS SCHOLARSHIP, by L. C. Hopkins, Esq., of Cincinnati.

SCHAFFER SCHOLARSHIP, by Wm. Schaffer, Esq., of Cincinnati.

WHITE SCHOLARSHIP, by R. M. White, Esq., of Cincinnati.

FIELD SCHOLARSHIP, by John Field, Esq., of Arlington, Mass.

LOCKWOOD SCHOLARSHIP, by Le Grand Lockwood, Esq., of New York City.

CALHOUN SCHOLARSHIP, by John C. Calhoun, Esq., of New York City.

LORD SCHOLARSHIP, by Dr. and Mrs. A. D. Lord, of Batavia, N Y.

SCHOLARSHIP of Class of 1871, by the Class of that year.

SCHOLARSHIP of Class of 1842, by members of the Class.

BROWN MEMORIAL SCHOLARSHIP, by the friends of Mrs. Susan M. Brown, of Zanesville.

BOSWORTH SCHOLARSHIP, by Marcus Bosworth, Esq., of Middleport.

MILLS SCHOLARSHIP, by Mrs. Col. John Mills, of Marietta.

ORRIS SCHOLARSHIP, by a gentleman of New York City.

ELDRIDGE SCHOLARSHIP, by the children of the late Rev. Joseph Eldridge, D. D., of Norfolk, Conn.

ELLENOR COOK SCHOLARSHIP, by bequest of Mrs. E. Cook, of Newport.

ALDERMAN SCHOLARSHIP, by E. R. Alderman, Esq., of Marietta.

WELLS SCHOLARSHIP, by M. P. Wells, Esq., of Marietta.

ANDREWS SCHOLARSHIP, by the Alpha Digamma Fraternity, of Marietta College.

SCHOLARSHIP, in memory of Charles B. Gates.

Assistance in any of the forms mentioned above will not be continued in the case of students who incur serious College censure, or who fail to maintain a reputable scholarship.

PRIZES.

FOR GENERAL SCHOLARSHIP:—The Kingsbury Prize, founded by J. Munro Brown, Esq., of New York City, and named in honor of Rev. Addison Kingsbury, D. D., of Marietta, amounting to sixty dollars a year, is given to the two students of the Senior Class who have maintained the highest general standing during the previous College year. One-third is paid at the beginning of each term.

The Hyde Prize, founded by the Hon. Wm. Hyde, of Ware, Mass., amounting to the same sum, is given in like manner to the two most meritorious members of the Junior Class.

A like sum may be expected to be given to the two members of the Sophomore Class, whose merit during the previous year has been the highest.

JUNIOR RHETORICAL PRIZES:—The sum of forty dollars is divided between three members of the Junior Class for excellence in the Rhetorical Department; one-third of the class being chosen, according to standing in the department during the year, to compete for prizes, by presenting essays on subjects assigned. The subjects assigned for the essays in 1882, were; James Madison, John Quincy Adams.

PRIZES FOR DECLAMATION:—Small prizes are given to two members of each of the Sophomore and Freshman classes for excellence in Declamation. The four members of each of these classes whose grade in this department during the year has been the highest, compete for these prizes at a public exhibition near the close of the College year.

THE HOWARD PRIZE FOR AMERICAN HISTORY:—A prize of one hundred dollars, founded by the Hon. J. Q. Howard, of the class of 1856, is open once in two years to the members of the Senior and Junior Classes for excellence in American Political History. The prize will be awarded at the close of the College year 1882-83.

ENTRANCE EXAMINATION PRIZES:—Through the liberality of the Marietta College Club of Cincinnati, two prizes of thirty and twenty dollars, respectively, will be given to the two members of the Freshman Class of 1883-84 who pass the best entrance examination. These prizes are paid at the beginning of the second term of Freshman year.

STATEMENT.

The Preparatory Department, known as the Marietta Academy, is under the immediate charge of a Principal and an Associate, while the College Faculty have a general supervision as to the studies pursued, methods of discipline, etc. It is intended to furnish instruction of the best character, and the school is confidently recommended to parents who wish to secure for their sons a thorough preparation for College. The course of study occupies three years, but the students will be admitted to such standing as they are prepared for.

COURSE OF STUDY.

FIRST YEAR.

Allen and Greenough's Latin Grammar; Leighton's Latin Lessons; Cæsar begun.
White's Complete Arithmetic.
Harvey's English Grammar.
American History.
History of England.

SECOND YEAR.

Cæsar, through four books; Cicero, seven Orations.
Loomis's Algebra, through Quadratic Equations.
History of Rome.
Goodwin's Greek Grammar; White's Greek Lessons; Xenophon's Anabasis begun.

Norton's Elements of Physics.
Guyot's Physical Geography.
Andrews's Elementary Geology.

THIRD YEAR.

The Æneid of Virgil, six books; Latin Prose Composition.
Xenophon's Anabasis, continued through three books. Homer's Iliad, one book.
Fyffe's History of Greece.
Olney's Geometry, to Section VIII.

Whitney's German Grammar; Whitney's German Reader.

Exercises in Reading and Spelling, Composition and Declamation throughout the course.

Those wishing to prepare for the Philosophical Course in College will pursue the same studies as for the Classical Course, with the exception of the Greek; in place of which will be substituted in the second and third years those branches mentioned below the others in the foregoing scheme.

Such as do not contemplate a College Course, but desire to spend a period, longer or shorter, in pursuing a good English education, will find here all the advantages of the best academies. Additional classes will be formed from time to time as the circumstances of the school may require.

The sessions begin and end at the same time as in the College. The charge for tuition averages ten dollars a term.
